BJC Loan Funds Assist 58 Students

Many students who would not attend college because of financial means are able to attend through loans, and many other students receive scholarships to help them pay the expenses of school. The scholarships and loans of our school do not come from the college but from individuals and clubs.

This semester at Boise Junior college there are 58 students with \$3,567.25 worth of scholarships, bringing loans to an average of \$61.51 each. Most of this money went into tuition and fees. Full time students needing financial assistance to take care of school expenses may borrow from the student loan funds. With few exceptions, loans must be repaid by the end of the semester and are generally limited to \$10.

Loan funds include: Citizens loan fund, established by four Boise civic organizations—Rotary, Exchange club, Lions clubs and Kiwanis club; Ballantyne loan fund, established by the late Mr. Sam Ballantyne of Boise; Capital City Kiwanis loan fund, established by the Capital City Kiwanis club of Boise; Elmer S. Chaffee memorial loan fund, established by gift of Boise Junior college faculty members; Fern Hart memorial loan fund, established by a group of students and teachers from the schools of Ada county in memory of Mrs. Hart; Intercollegiate Knights loan fund, established by the IUC men's service organization; H. Albert Neal loan fund, established by Mrs. Iona C. Neal of Phoenix, Arizona, in memory of her husband, Mr. Albert H. Neal; Otto T. Gottenberg memorial loan fund, established by Mrs. O. T. Gottenberg in memory of her husband; Sears-Roebuck loan fund, established by Sears-Roebuck and company of Boise and the Warner memorial loan fund, established in memory of Ida Martin Warner by Ada county elementary teachers and Mrs. James Warner for Boise Junior college students majoring in education.

Scholarships are given by the American Association of University Women, Mr. John A. Schoonover, the Boise Art association, the Exchange club, Pioneer chapter of Daughters of the American Revolution, the Boise Altrust club, the B. Cubes, Boise P.T.A. council, the Intercollegiate Knights, the Columbian club, Mrs. Charles F. Adams, the Sears-Roebuck foundation, the Associated Women of Boise Junior college, Alpha chapter of Epsilon Sigma Alpha, the Methodist service award, Zeta chapter of Beta Sigma Phi, the Wirth award, Harry W. Morrison, Boise Music, Inc., Valkyries, Idaho Power company, First Security bank, Pi Sigma Sigma, the Tuesday Musicales, the Boise Traffic club and the Esquire club of Boise Junior college.

and a very fine broadcast quality tape-recorder. A broadcast desk and cabinet for the recorder are being built and will be installed soon. The transmitter which is being built by IJC student Paul Mumford will be ready for operation in about three weeks. All of the equipment was obtained at a very nominal cost but will be equal to or better than that which many other small stations have.

An unusually brave blood donor, Milren Aldecoa, is able to muster up a smile as a Red Cross nurse prepares to insert the needle. Although well advertised, the blood drive netted only 89 pints or slightly over one half of the expected 150 pint quota.

Only 89 Students Donate Blood; Intercollegiate Knights Lead Donations

Although there were 164 pints of blood given, the Boise Junior college did not reach its goal, according to Mr. G. R. Ross, director of the drive.

They had 99 report to donate and 10 rejects, giving a total of 89 students. A portion of the balance was given by a group of city employees to replace blood at the local hospital for a fellow worker.

The Intercollegiate Knights led the donations with 17 pints. The other totals for clubs were: Pi Sigma Sigma, eight; Wesleyan club, one; German club, two, with one reject and one donor; Deseret club, three donors, two rejects; B-Cubes, seven; Esquires, six; Valkyries, seven, and one reject; Engineers, four; Future Teachers of America, one reject; dormitories, seven, and two rejects. The rest of the students were individual donors.

It was interesting to note that of the 13 members of the Journalism class six were donors, Mr. Ross said.

Nov. 1 Is Deadline For Annual Pics

Jan Obenauer, editor of Les Boils, urges all of the students to remember to have their pictures taken for the annual. The deadline for these pictures is November first.

Those students not having their pictures taken and who wish to receive an annual will be charged a larger fee.

Students desirous of working on the annual are encouraged to do so as more help is needed. Those interested may leave their name in room 116, the office of student publications.

Six Sophomore Pledges Initiated Into Valkyries

Six sophomore pledges to the Valkyries were initiated at the home of Lynette Pearce Wednesday evening, October 23. All Valkyrie members were present at the event which included a buffet dinner and candlelight ceremony.

The six pledges included Deno Madsen, Janeal Fitzsimmons, Pat Collins, Miren Aldecoa, Ella Mae Brown and Gena Bautsch.

Broadcasting Club Meets Tomorrow

Bob Pyle, acting president of the newly formed Boise Junior college Broadcasting club, announced that the first membership meeting of the organization will be held at the break, Wednesday, Oct. 30, in the radio studio in building T-1.

Pyle urged all students interested in joining the club, and in participating in the operation of KJNC, newly built campus radio station, to attend.

Schedule of Major Dances Announced

The college dances are off to a good start with the "all college mixer" and "homecoming dance."

The next major dance will be held November 23 in the Student Union hall. Admittance will be by activity ticket, one to a couple. Dress will be semi-formal.

The Christmas dance will be held in the Student Union ballroom December 28. It will be formal and the alumni will be invited. Tickets for the alumni will be one dollar. Students admitted on activity tickets.

The spring formal, April 19, will be the first dance next semester. The date is subject to change if a name band can be obtained.

The graduation ball will be held May 31. All students are invited to honor the graduates.

A Capella Choir Holds Election of Officers

A Capella Choir Holds Election of Officers

Members of the BJC a capella choir elected their officers Monday, October 21, for the remainder of the school year.

The officers of president, vice president and secretary were won by Gary Keyser, Lewis Thorne and Kathleen Helney, respectively.

Other officers and committee-men include: Bette Fulcher, assistant secretary; Lurlene Fisher, Gail Guetschow and Virginia Crowell, librarians; Marlene Gherl, Della Brown, Barbara Bratt and Nancy Loughrey, robes; Larry Taylor, Gary Blacker, Lloyd Dorman, Bob Adkins, Lewis Thorne, Jerry Hall, Jim Anderson and Gerald Waits, risers.

IK's Hold Sale of Menmar Tickets

Honorary Duke Bob Stanton has announced that Intercollegiate Knights and pledges are having a sales drive for their Menmar theatre tickets. This I-K project has been most successful in previous years. The limitation for just selling the tickets to Boise Junior college students this year has caused a drop in sales. This is because the I-K's have before sold to high school and junior high students.

The Menmar theatre ticket is a special discount card that was arranged between the Intermountain Theatres and the I-K's, which is a BJC student service club. This discount entitles a college student to go to this large chain of theatres at a very reasonable price. This card allows the student free admission to a showing at the Ada or the Boise theatres. After this, he is given a discount at all Intermountain theatres. The price of the Menmar theatre ticket is one dollar. An active movie-goer saves quite a bit of money with this ticket over the year.

Tickets will be sold all day Tuesday in the main hall of the Administration building and in the Student Union. Patronage will be appreciated.

Mathews To Speak Here Thursday

Conan E. Mathews, former dean of faculty at Boise Junior college, will speak at the first Lyceum assembly of the year, Thursday, October 31, in the auditorium during the break. His address is entitled "Art in Modern Society."

Mr. Mathews, now on the staff at Brigham Young university, was associated with BUC for 17 years beginning in 1939. He was formerly active in local civic affairs, holding such positions as past president of the Boise Art association, past president of the Northwest Association of Junior Colleges, and past chairman of American Brotherhood Week in Boise.

Paintings by the former dean are now on exhibit in the art department, third floor of the Administration building and also in the library.

Sophomores Urged To Fill Out Graduation Cards

Sophomores who plan to graduate in June, 1958, are asked to stop at the reception room, 113, to fill in application cards for associate of arts or junior college diploma and leave the same with the receptionist. "This card will be of great assistance in checking your eligibility for the credential you desire," stated Miss Elma Gockley, registrar.

IN OUR OPINION . . .

Once again the subject of competition for BJC's undaunted Broncos arises. Although the continual mention of this fact is a bit irritating to other schools in our conference, it is indeed a problem to us.

This is rather a freak situation, since similar problems usually confront teams that are on the bottom. The main difference in our case is that we must seek stronger competition instead of weaker if we are to maintain school spirit and public interest. This is indeed a big problem, more so than finding weaker competition, because there aren't any other JC's within a distance that is financially possible to travel. The only other alternative is four-year schools. However, it is very difficult for us to schedule games with these schools because they have everything to lose and nothing to gain by playing us. For instance, if they should win over a junior college, it would not be significant, but if they should lose to a two-year school, it would make them look bad.

It has been suggested that BJC be changed to a four-year school. However, the need for football competition would not be enough of a reason to warrant undertaking all the problems and legalities that would be necessary to change to a four-year school.

We believe that the simplest solution is to ignore the problem. Although it is seemingly a difficult one this year, it will, no doubt, lessen in the future. It is a well known fact that all athletic teams have their ups and downs. At present, BJC is having its "up" while the rest of the conference teams are having their "downs". The other schools in the conference will produce all the competition we will want in future seasons.

-R. J.

Campus Calendar

Monday, October 28, 1957

S. U. powder room at noon—Canterbury club.
S. U. N.E. lounge at noon—Deseret club.
S. U. N.W. lounge at noon—German club.
Science building, room 106, Bob Fifer tournament of debate—Mr. Karp, instructor, 7:30 to 9:30 p.m.

Tuesday, October 29, 1957

S. U. ballroom at noon—I.K.'s.
S. U. powder room, noon—French club.
S. U. N.E. lounge at noon—Pi Sigs.
S. U. N.W. lounge at noon—Westminster club.
Auditorium—C. G. Bratt, head of the music department, presents an organ concert—8:00 p.m.

Friday, November 1, 1957

S. U. ballroom at noon—Wesleyan club.
S. U. N.E. lounge, noon—Deseret club.
S. U. N.W. lounge at noon—Lutheran club.

Contest Sponsored By Remington Rand

Some lucky BJC student may get to be a "Wall Street wizard" before the semester is over.

All it takes is an entry blank for Remington Rand's "Share of America" contest, in which the winner gets stocks of his or her choice equal in value to a share of every common stock on the New York stock exchange. Remington Rand will pay all brokerage fees. In addition to the first prize, there are 504 other stock prizes.

If the winner has purchased a Remington electric shaver during the contest period, from September 30 until December 1, all prizes double. First prize then becomes equivalent to two shares of every common stock on the exchange.

Entry blanks are at any Remington sales counter and will also be found in advertisements in Life, Look, Saturday Evening Post, Parade, and in newspaper supplements and comics.

If Remington Rand had held this contest 20 years ago, when it turned out the first of its 20,000,000 shavers, financial authorities estimate that the \$156,000 of prize money could have purchased stocks that would have a value today in the millions.

Any student who fancies himself or herself to be smart with the pencil, has a chance to become a tycoon the easy way.

FROSH CLASS PREXY

Student of the Week

Janice Obenauer

Janice Obenauer, a liberal arts student, is this week's student of the week. Janice, a sophomore, lives at 5718 Fairview and among her hobbies are skiing, dancing, and she is an active member of the Valkyries.

Janice worked in San Francisco last summer as a typist for Northrop Aircraft, and plans to work there again next summer. Her ambitions in the future however are to be either an airline stewardess or perhaps an interpreter for the United Nations.

Jan graduated from Boise High School in 1956 and plans to complete her college years at the Montana State university. She credits her high grade average to lots of hard work.

Library News

New books arrived at the BJC library this week. Some of them are as follows:

"The Air Force" by Arnold Brophy, contains a detailed picture of the United States air force and of how it was born, how it grew up and what it is today.

"The Men Who Made the Nation," by John Jay Plessos, an interesting and educational book on how great men of this country tried to decide on how this country should become a republic or monarchy.

"Angel on the Battlefield," by Isabel Estlin, is about the life of Clara Barton, founder of the American Red Cross. It takes place in the Civil war time and in an interesting story of how this nurse treated the wounded men and the hardships she endured.

"Materials of Engineering," by Carl A. Keyser, contains valuable information on the most important properties of ordinary materials, together with details on their fabrication in everyday engineering practice plus methods of testing.

"The Last of the Conquistadors," by Junipero Serra, is a story which combines excitement, exploration and adventure with the inspiration of devoted and heroic life. It is a story of early California history.

JC Community Symphony Orchestra Plans Concert

The BJC community symphony orchestra starts its first in a series of evening concerts to be given in the BJC auditorium December 4.

Director for the group is Mr. John H. Best of the music department.

Soloists for the concert will be Fern Nolte Davidson, Nampa, and Althea Corzeny, Caldwell. They will be featured in the "Concerto for Two Pianos," by Mozart.

Students of BJC will be admitted on their activity tickets.

Information On BJC Library Accommodations Published For Benefit Of New Students

Boise Junior college extends its welcome to all incoming freshmen this year to come in and use the library as a reference, study or reading period. The library is open from 8:00 a.m. to 5:00 p.m. weekdays, 7:00 to 9:30 p.m. every night except Friday and 9:00 a.m. to 12:00 noon on Saturdays.

Recent changes have been made this year. The entire periodical collection of 2,600 volumes has been rearranged since September 1 to make room for newly bound volumes and expansions during this year and next. The alphabet now starts by the current periodical rack and ends at the filing cabinet by the librarian's desk. A new world globe 16 inches in diameter has also been added to the library this week.

Circulatory and reference books consist of 19,000 volumes, are for use in the home and reference study.

Non-fiction books are located in the stack rooms. Foreign language books, and the classes 400, 500, and 600 are in the room to the left of the reading rooms. Books in the 100, 100, 200, 300, 500, 600 and 900 classes are in the upstairs stack room.

Books may be checked out for two weeks and renewed for a possible two more weeks.

New library assistants this year are Dorothy Kletke, Carolyn Wagner, sophomores, and Annette Anderson, freshmen. Sophomores returning from last year are Martha Lemaree, Kathie Link, and Nural Kord.

Fiction books are opposite the charging desk in the library entrance and are arranged alphabetically by the author's name. These books have no call numbers. New fiction may be borrowed for one week only.

Reserve books are placed on reserve shelves by instructors for use in connection with their courses. They may be checked out for one hour during the day and overnight after 3:00 p.m., returning them at 9:00 a.m. the next morning.

Different colored cards indicate the lending period: white is for two weeks, green for one week and

salmon are reserve books. Fines for one day are two cents a day. Reserve books are 25c for one hour and five cents for additional hour.

The card catalog lists books in the library by author and title alphabetically, and fiction books, by subject.

All cards for non-fiction have call numbers in the upper hand corner, telling where for it. This call number is a number standing for the classification of the book by a combination of a few figures standing for the name. Books with call numbers arranged numerically by call number are in the rooms. If the number is by R, it is a reference book in the reading room.

BJC library is receiving 160 magazines or periodicals recently, and have bound 108. Bound magazines are alphabetically around the south portion of the library. Current issues are on racks east fire escape and where issues can be obtained for workroom by asking for the desk.

To help locate periodicals they have the "Reader's Guide to Periodical literature," "The Index," and "The International Index."

Four filing cabinets are at the entrance of the library rooms, and certain pamphlets alphabetically by subject may be borrowed for two weeks same as books. Informational vocational guidance material college catalogs also may be obtained here.

Dormitory Students Halloween Dance

Morrison hall played in Driscoll hall at a Halloween dance at the BJC Student Union on Friday night at 8:00.

Music was furnished by Jameson and his orchestra. The event was informal and a story for Morrison hall.

York Opera Festival To Appear Boise During Current Tour

New York Opera Festival, led by the Wagner Opera Guild of New York, will visit Boise today. The festival is being sponsored by Boise Junior College and is scheduled to appear at the Boise Junior College gymnasium on November 10, 1967. The festival is a "New York Opera Festival" and will feature a variety of operatic performances. The Wagner Opera Guild of New York is a well-known organization and has performed in many cities. The festival is a unique opportunity for Boise to experience world-class opera. The performances will be held in the gymnasium, which has been specially prepared for the occasion. The festival is a must-see event for opera lovers and a great cultural experience for the community.

Teacher of the Week

Miss Barbara Foote

The nursing department of BJC is graced with a new member. Miss Barbara Foote, lately of Portland, Oregon, has been appointed to the teaching staff in this field.

Miss Foote is originally from Camden, New Jersey, but has been living in the west since 1944 and received her education in western schools. Having graduated from high school in Middleton, Idaho, Miss Foote came to Boise to study at St. Luke's School of Nursing. Between her graduation in 1964 and her matriculation at the University of Oregon she served as a staff and office nurse.

In June, 1967, Miss Foote was awarded a BS degree in nursing education at the University of Oregon and is now a clinical instructor at BJC.

WHITNEY CAB, Ph. 3-5454

Dr. Joseph B. Spulnik, left, and Harry H. Burningham, local manager for Sears-Roebuck and company, check on a scintillator and Geiger counter presented by the local store branch to BJC. According to Dr. Spulnik, the equipment will be used for chemistry, physics, introduction to physical science and geology classes. The radio-active mineral and metal detector was presented as a gift by the store to "advance the students' scientific knowledge in the fields of radio activity and electronics," the manager said. The gift also will give students first hand knowledge and experience with this type of equipment, Spulnik stated.

BJC Future Teachers of America Elect Officers; School Officials Attend As Guest Speakers

Members of the BJC chapter of Future Teachers of America nominated and elected officers at their last regular meeting. Officers elected included Jerry Hall, vice president; Carol Ann Taylor, secretary; Nicki Dillner, treasurer; Connie Burke, point chairman; Pat Niese, historian; and Janis McGowan, publicity chairman.

Also on the program were guest speakers President Eugene B. Chaffee and Dr. A. H. Chatburn. A dance was presented by Hoyce McGowan. Miss Hoyer, director of student teaching at the campus school, was special guest.

The next FTA meeting will be Wednesday, November 20, at 7:30 p.m. in the Campus school.

The national Intercollegiate Knights officers pictured above met in the Student Union October 5 to discuss various topics that will appear on the agenda at the national IK convention in Denver, Colorado, April 9-12. The convention will be held on the University of Denver campus. Left to right in the back row are: the duke of Golden Y chapter, BYU; Dick Jensen, WSC; Marsh Ramey, ISC. Front row: Fred Carter, BJC; Lynn Hemmingsway, BYU; John Chapman, U of T; Don Ingle, U of T, and Holly Miller, ISC.

Student Withdrawal

A student may officially withdraw from BJC only by securing a withdrawal permit from the registrar, and having it signed by the same. He may withdraw from individual courses by securing a permit from his advisor, which must be endorsed by the advisor and each instructor involved, then presented to the registrar for his signature, and then cleared with the business office. The date on which the registrar signs the permit will be the official withdrawal date. If the student withdraws after the first three weeks of the semester, he may receive a "W" only if his work is passing as of the official withdrawal date, otherwise a grade of "F" must be awarded. During the last three weeks of the course, a student may not withdraw with a grade of "W". In cases where a strict application of this regulation seems—in the opinion of an instructor, an advisor, or a student—to work an unreasonable hardship the matter will be presented to the dean of faculty, who may refer it to the faculty scholarship committee for recommendation of action to be taken. A student discontinues a course without having completed an official withdrawal shall be awarded a grade of "F". This material was taken from the Catalog. All students met with their advisors last Thursday, October 10, before change of classes was allowed to discontinue, to discuss this and grade points received for each grade received.

VA Studies Ways to Use
Psychiatric Personnel Best

Fitting the treatment to the patient to make better use of scarce psychiatric personnel is the aim of a study begun recently by eight Veterans Administration mental hygiene outpatient clinics.

Dr. Raymond Feldman, VA outpatient psychiatry chief in Washington, D.C., said the clinics are working to devise a method of predicting which mentally ill patients will respond to individual efficient use of psychiatrists and

other scarce personnel, Dr. Feldman said.

The eight clinics are Albany and Buffalo, N. Y.; Boston; Bridgeport and Hartford, Conn.; Chicago, Denver, and Washington, D. C.

Maurice Lorr, Ph.D., chief of the VA outpatient neuro-psychiatric research laboratory in Washington, D. C., said since there is no generally accepted measure of changes in patients brought about by psychotherapy, the first step in the research will be a study of how often patients should be seen for treatment and of results of therapy.

Re-evaluation of patients will be made at the end of four months, eight months, and one year of treatment, he said.

The second step will be the development of tests and other measures by which doctors can select patients who will respond to psychotherapy, Dr. Lorr said.

A preliminary phase or "trial run" to establish procedures for the research, already has been completed by the clinics.

Such a method would enable the clinics better to fit treatment to the patients' needs and make more psychotherapy for outpatient purposes.

BJC Broncos Near Cr

Down CSU 53-0

Taking another big step toward the ICAC crown, the Boise Junior college Broncos swept past the College of Southern Utah 53-0 last Saturday night at Bronco stadium. By virtue of the win, the Broncos took over the leadership of the conference as both teams were tied before the Saturday night clash. It was the 14th straight victory for the Broncos and kept their undefeated record in conference play undented.

Six Broncos broke into the scoring column led by halfback Herb Halliwell who scored three times. With less than two minutes gone in the game, CSU fumbled and the Broncos recovered and it took three plays before Halliwell scored from the two-yard line. Bob Stanton threw a pass to Herm Noblisse for the extra point.

Noblisse scored the next Boise touchdown late in the first quarter when he scored from the 15-yard line on an end swag. The extra point was no good.

Halliwell intercepted a CSU pass in the second quarter and then scored from the five-yard line after a 30-yard pass to make it 19-0 at halftime.

In the second half the scene did not change at all as it was too much Boise Bronco for the visitors. Southern Utah had a bad case of the fumbles as they fumbled away scoring opportunities many times.

This reporter has been noticing the stories lately that have been published in certain newspapers concerning the Boise Junior college football activities and the teams the Broncos play. There have been cuts about how the Broncos play weaker teams, they should get into a different league and many more. Sure the Boise team has won most of their games this year by lopsided scores, but does this mean that they are playing weaker teams? Not all the time is this the reason. The Broncos go out on that field with one thought in mind, to play hard, to win, to fight for that victory. And if you can find a team that has that spirit, that feeling, then somebody is going to lose but bad. Maybe this person or persons who are writing these articles have the thought in their mind that Boise is playing teams that let them run over them. But to the contrary, the opposition is playing all the harder to whip a team that has won 13 straight and this makes it harder for the Broncos. They, the Broncos, fight for every touchdown and when they get one, they fight all the harder for that next score. This sometimes accounts for the large Boise scores in recent games.

The comments are sometimes heard that the Boise team is weaker now that it has ever been in the past. Maybe they are weaker at some places but they are no weaker on the scoreboard as far as I can see.

Do the Broncos have better men position for position than any team they face? This would be hard to decide for some players play better when they are on a winning team. But the Broncos play together, man for man they play together and therefore you have a winning team and not weaker competition.

It was a fumble and an intercepted pass that led to two more touchdowns for Boise. After the recovery by the Broncos, it took but a few plays until Richard Duff scored for Boise to make it 33-0 in the third quarter. Then Stanton picked off an intended CSU pass and returned it to the 25-yard line. Just two plays later and then Halliwell scored his third touchdown. With the fourth quarter underway the Boise team began to play their reserves but this didn't keep the Broncos from scoring.

Lineman Mike Keone picked off a Southern Utah lateral in mid-air and raced 80 yards to paydirt to make it 40-0.

With a new backfield in the game by this time, the Boise team still kept rolling. Halfback Dave Murdock picked up 30 yards to the 10 and after a temporary halt, it was Murdock who scored up the middle to make it 46-0.

The visitors then found themselves with their backs to the wall and they fumbled in the end zone and Joe Ho recovered for Boise and that was all the scoring for the evening, a 53-0 win for the Broncos. This win virtually brought a conference championship to Boise Junior college, even though they still have some tough conference opponents to play.

In the last two shut-out games for the Broncos they have scored a total of 99 points to their opponents' 0. Saturday night's score was the highest score for the Boise team this year, their next best being a 52-point total earlier in the year.

Boys' P.E. Begins Play

Letting the girls get nothing on them, the boys have started their activities in the gym classes. Even though social dancing is offered, most of the men are now engaged in volleyball, basketball and some touch football when the weather permits. In the very near future intramural will begin for all those men interested. Last year the intramural games proved to be a welcome outlet for all those who attended the activities. Such sports as basketball, football, volleyball and many others are offered in the intramural program.

Now some classes are offered in the place of the regular P.E. activities at the gym, and they are swimming and bowling.

Broncos Win 13th Straight

The Boise Junior college Broncos extended their win streak to 13 games and their conference record to won 3 lost none as they dropped the Frosh from Utah State, 46 to 0, two weeks ago on the Bronco stadium turf. This set the stage for the showdown game with College of Southern Utah which was also undefeated in conference play. The teams stand now.

Playing a team that was experiencing its first game this year the Broncos were all the tougher as they let the Frosh drive only as deep as the Boise 35 yard line the whole game and that was in the second quarter.

Plenty of Broncos got into the scoring game again as seven men crossed the pay goal and with Herb Halliwell getting two touchdowns. A Utah fumble was again the opening factor in the Bronco scoring as they gave the ball away to Boise in the opening minutes, and the Broncos went on to capitalize on the break with Elton Leavitt getting the first score with a drive up the middle.

Then the game suddenly settled down to a hard ground game with neither team able to move against the defenses and with occasional punts. Finally with only a few minutes left in the half the Broncos started their next move with a 10-yard pass from Halliwell to Richard Duff setting it up. From there Halliwell again went through from the one for the score. Buddy Zarbnisky kicked the extra point and it was 13 to 0 for Boise. That looked like all the scoring for the first half until Zarbnisky intercepted a Utah pass and returned it to enemy territory. After Duff's 17-yard run, Zarbnisky followed it up with a 31-yard touchdown run.

If Utah thought they might stop the Broncos in the second half, Herm Noblisse erased the thought from their minds as he took the opening kickoff and went a long 90 yards for a touchdown and a 26 to 0 lead for Boise.

The rest of the Bronco scoring came on sprints by Tater Smith and Richard Duff, to make it 46 to 0 for the Broncos.

Pictured here is a familiar player and number to all Boise Junior college football followers—Herb Halliwell. Halliwell, who is a Hawaiian contribution to the Broncos, has led the team this entire year through their undefeated season so far. He is a powerful runner and this is demonstrated by his being the leading scorer on the team with 80 points on 10 touchdowns. He is also a deadly passer and defensible for setting up many of the Bronco scores. One of Halliwell's traits is his scoring. He has scored in every game so far and has the habit of scoring more than once in many games. He scored three times against College of Southern Utah last Saturday night and two times against the Frosh of Utah State two weeks ago in Bronco stadium. Herb wears the familiar number 11, a number that is starting to get on the Broncos' opponents' nerves.

ISC-R

Last week some of the teams we thought were the low-up of the league.

In the Idaho title as the opponents still undefeated. Mountain Bengals, the Boise Broncos, and the Idaho State Bengals.

Here is about every of the Broncos the College of Southern Utah was the Broncos and left the conference play not left the Broncos with a 1947, even two times.

Up in the Idaho got their knocking and Idaho Broncos, Moscow, seeking the Northern but have the hands of the State in Boise.

Idaho State in this week for college of Resburg and the Ricks.
